FOREX MTN

How to use FOREX MTN ?

- Short Entry on the bar after the last red circle
- Long Entry on the bar after the last blue circle
- After short entry the partial profit is taken when bar hits line -12
- After long entry the partial profit is taken when bar hits line 12

- **You exit short entry when blue circle appears**
- **You exit long entry when red circle appears**

To secure profit We recommend to take profit on the partial profits (When bar hits lines +12 and -12)
