

Rule No.6

The **Protection Range** must be at **3.0 or below**.

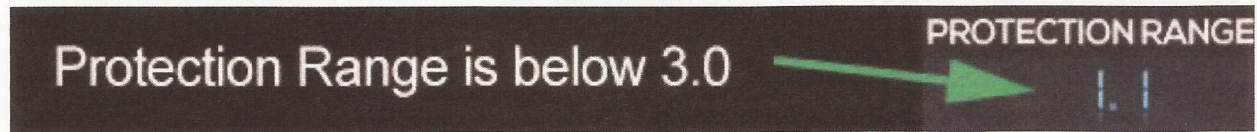

Image 27

Rule No.7

Enter the trade (See image 28):

Once Rule No. 3 (False Break) and Rule No. 4 (Momentum Gain) criteria are met, the system draws 3 dotted lines.

- 1) The **Orange dotted line** represents the **Sell Limit level**. Once this level is reached, **that is the point we can enter a Sell trade**.
- 2) The **Red dotted line** represents the **Stop Loss (SL) level** at which our SL is placed
- 3) The **second Orange dotted line below price entry** represents our **Take Profit target** level.
