

HOW TO READ THE DASHBOARD

The dashboard is our guide.

It scans the market for us and lets us know when conditions are good to trade.

It analyzes all the steps behind the scenes so we don't lose our focus on trading the best setups.

This is how the dashboard will appear on your charts:

Note: In DVD 1 and in the members' area I will cover in detail how to load the dashboard indicators on your charts.

Let's now cover the various components found on **The Forex Libra Code** dashboard.
