

HOW DO I INSTALL AN EXPERT ADVISOR ON MT4?

To install an Expert Advisor for automated or algorithmic trading, follow these steps:

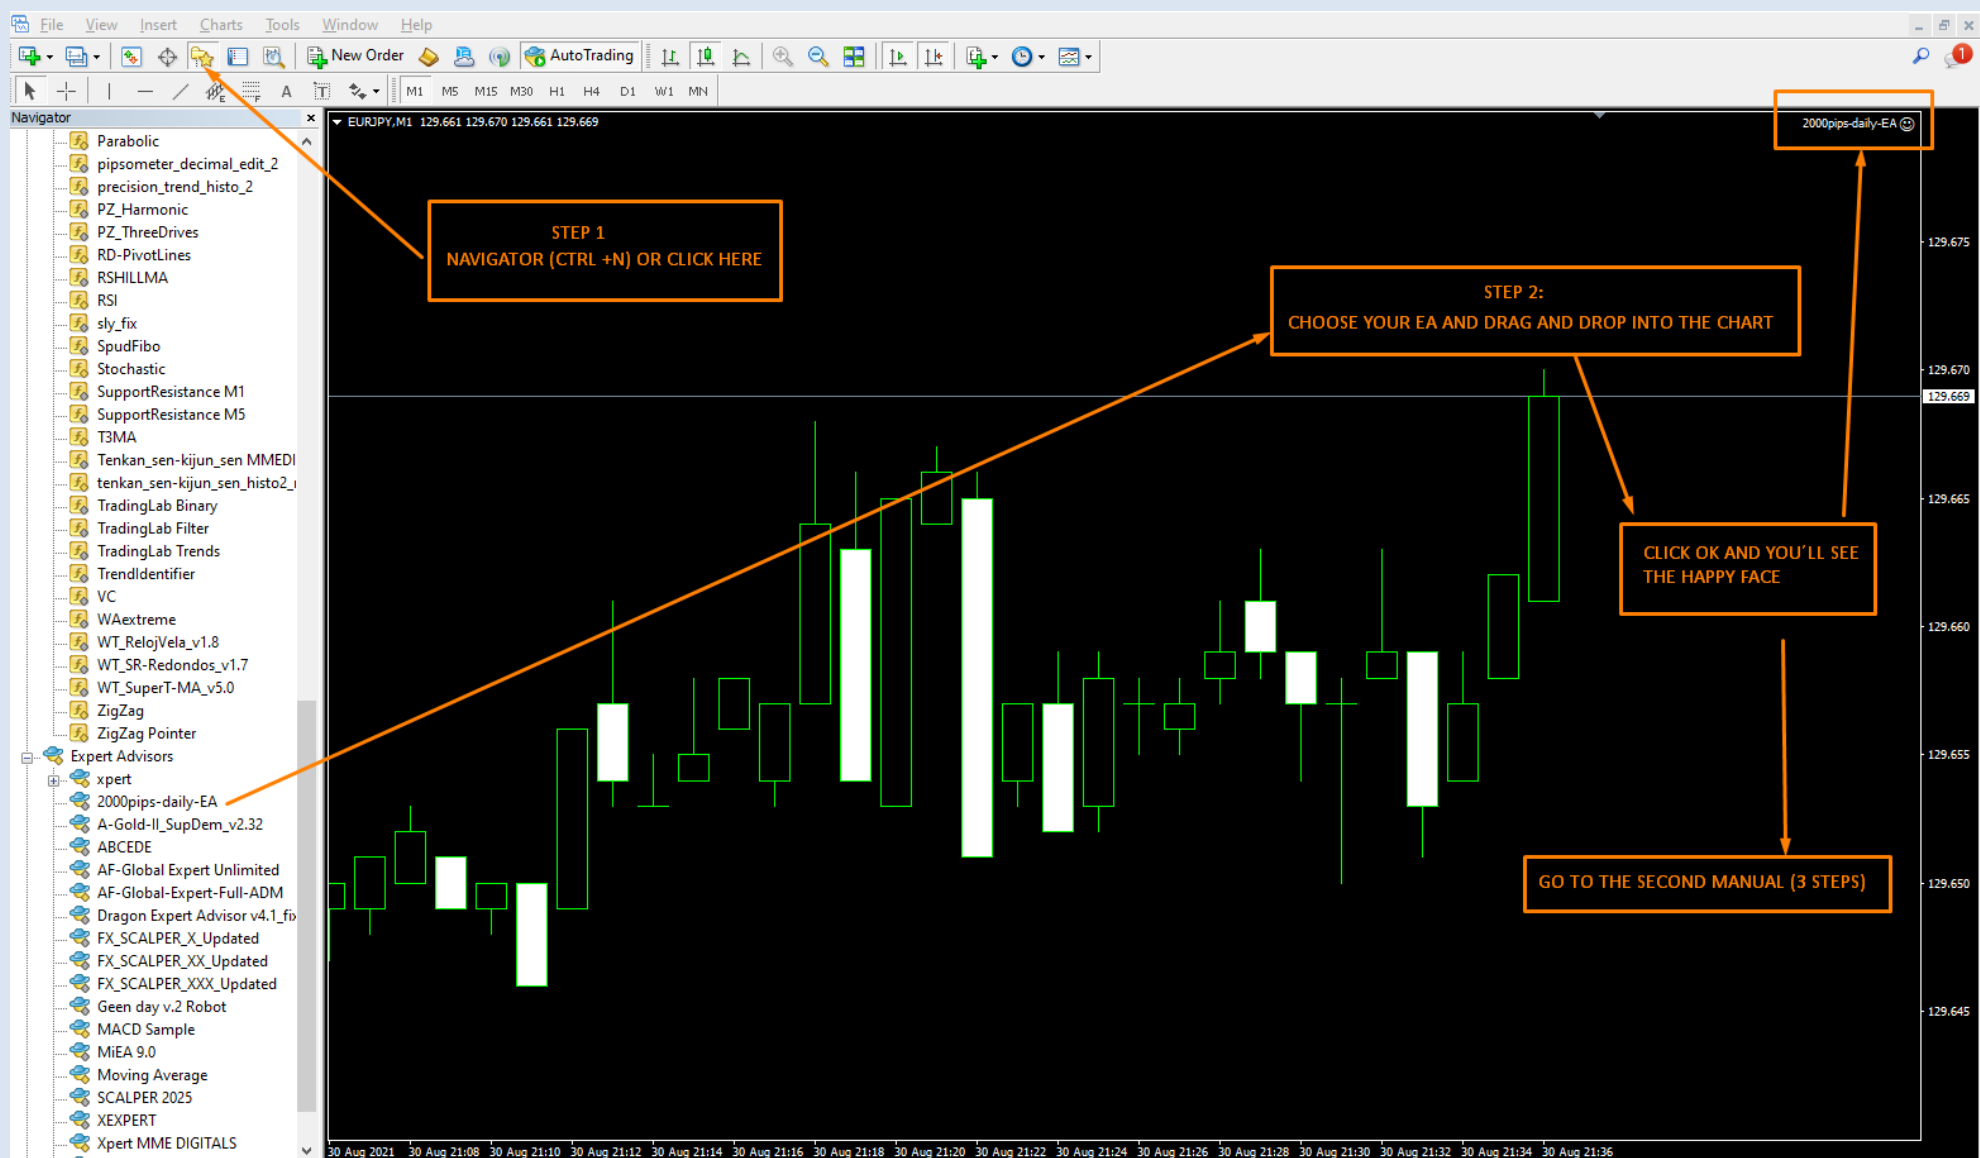

1. Open the MT4 platform
2. Select 'File' from the main menu
3. Click on 'Open Data Folder' to bring up a new folder panel

4. Select the 'MQL4' folder, followed by the 'Experts' file

5. Drag and drop your EA file(s) into this folder and close the window.
6. Then, open Navigator (Ctrl+N) GO TO EXPERT ADVISORS / RIGHT CLICK /REFRESH
7. SEE this image AND FOLLOW THE STEPS:

GO TO Navigator again, go TO EXPERT ADVISORS / RIGHT CLICK /REFRESH like in step 6.

Now you're done! You can continue to the next Manual (3 STEPS MANUAL)
