★ Recommended Broker :

[EBC](#)

EBC XAUUSD has the lowest trading costs of any forex broker I've ever dealt with!
Trading black box, with optimum, accurate sell-order algorithm Enabling more than 85% of orders filled at a better price

[Tickmill](#)

This is the smoothest Broker currently available with the lowest spreads, which can significantly reduce your trading costs.

[JustMarkets](#)

This is the smoothest running Cent Broker with the lowest current spreads, and is the best reflection of how EA works on a standard dollar account, note that it is a Cent Account.

[RoboForex](#)

This is a very trustworthy forex broker, the most important feature is that its Cent Accounts do not have special prefixes or suffixes for the trading varieties, which is ideal for traders who trade with cent accounts
