I analyzed over 12,000 early \$TRUMP buyers to find best INSIDERS

I added only 6 wallets to my list

I turned \$300 into \$30,000 just by copying their trades in 3 days

Here's my list of insiders and what they're buying rn 🧵👉

Insiders or just lucky guys?

It doesn't matter, as long as we can make \$ from it.

A significant number (*let's refer to them as insiders*) bought \$TRUMP even before the announcement, investing substantial sums.

And these guys are printing millions every month, not just on Trump's new memecoin.

Here are some of the most \$TRUMP profitable wallets you should follow 📌

To effectively copytrade and track insiders, a trading bot is essential.

Just click the link: <http://gmgn.ai/?ref=lzsU5lTD&chain=sol> and connect your SOL wallet or TG.
